Captain Ben Akoz...
Veteran Pilot of the
O.C.U. Army 18th
Wanzer unit....
He's quite famous
between us military
freaks

His unit is an
"Experimental" unit
that has it's tech
distributed by
Sakata industries...
Also called the
"Recycle" unit

Since Wanzer
pilots are
important "parts"
that take time and
money to train,

they came up
with the
idea that
they should
stop having
them be as
expendable...

Is your
head on
straight...?

I know I
shouldn't be
saying this, since
you saved me,
but....

We just want
to escape here
to the
Rendezvous
site where
our allies
are at...!

.....

FRONT MISSION DOG LIFE & DOG STYLE [3]

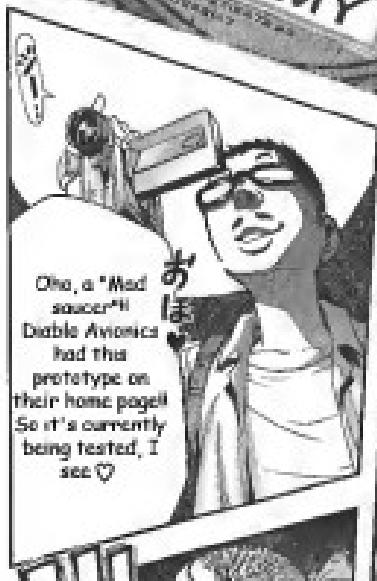

If I don't get a good picture, then what would've been the point of saving you?

Now, Now, Don't say that!

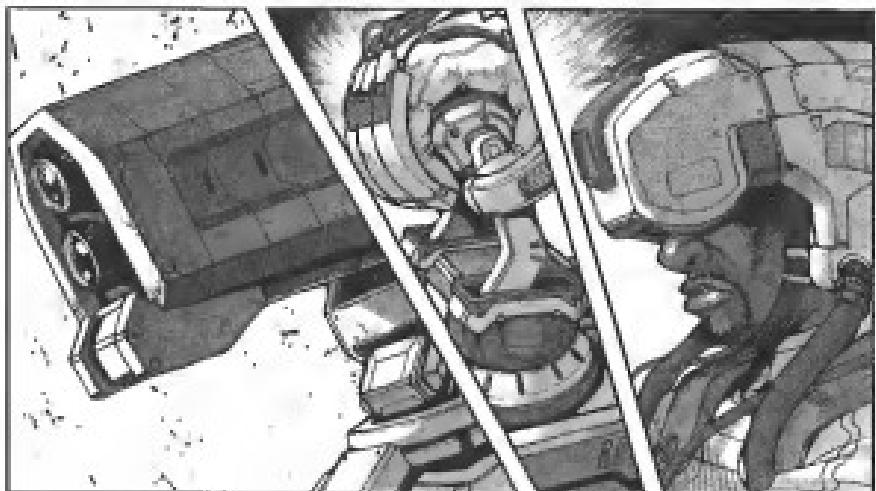

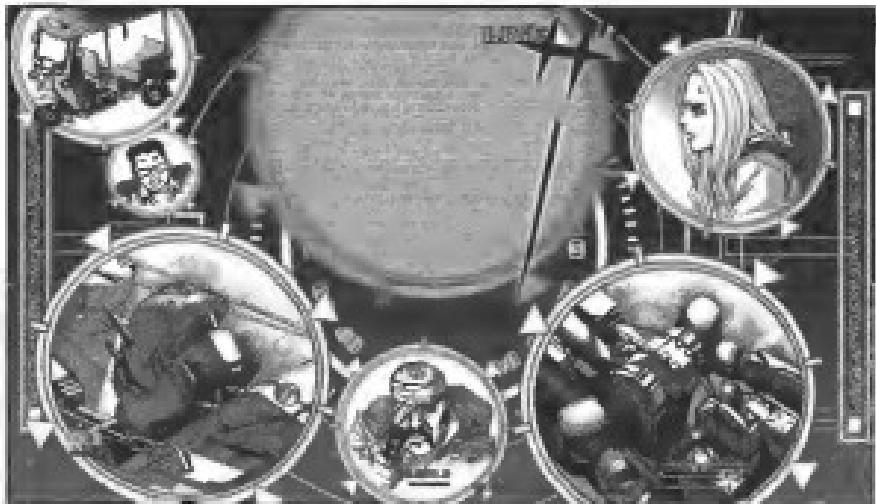

Captain...
I want to see it...
You and your
skill of being
the lone
survivor or
one of the
"Recycled"
units...
